

<b>Michelle's story</b>	<b>A visit to the Ice Stadium</b>
	<p>I went to the National Ice Stadium to watch an Ice Skating Gala to celebrate the Olympic Torch coming to Nottingham.</p>
	<p>The Gala started with Robin Cousins introducing the skaters on the ice. It all went well until the torch arrived too early !</p>
	<p>They had to change the order of the skating quickly and Torvill and Dean stepped on the ice and did their routine with the torch.</p>
	<p>It went live on TV to the whole nation.</p>
	<p>When they finished their routine they had to hand the torch to Daniel Whittingham so he could run and meet Torvill &amp; Dean at the Market Square.</p>
	<p>The Gala carried on. It was a really good experience, you would never see that on ice usually in Nottingham. My favourite routine was seeing Torvill &amp; Dean carrying the torch around the stadium.</p>

I also saw the current British & Olympic champions Nick Bookland & Penny Coombs do a routine on the ice. I know them.

It was the best day of my life watching the torch on the ice and the proudest moment for Nottingham and the National Ice Stadium
